FARMERS OPPOSE

Head Presents Plan To
Save American People
Six Billion Each Year

[Republican A. P. Leased Wire]
CLEVELAND, Feb. 11.—Farmers of the country will oppose any attempt to repeal excess profit and income taxes, J. R. Howard, Chicago president of the American Farm Bureau Federation, told delegates attending the All-American Co-operative congress today.

"Strenuous efforts are being made to place the burden of taxation on the farmers and the home owners by the repeal of these war tax measures," he declared.

Howard said farmers of the corn belt region, including Ohio, Indiana, Illinois, Iowa, Kansas, Nebraska and Missouri, were ready to donate \$50,000,000 bushels of corn to the starving people of China and Europe.

Railroad brotherhoods, he said, have agreed to transport the grain to the seaboard free, and naval reserves have volunteered to see the grain was delivered. It is the plan of the American farm bureau to starve the country out of this food from country stations on Washington's birthday, February 22.

Improvement in economic conditions and economic justice must be secured through two methods—political action, and independent co-operative activities, and both are essential and interdependent, Benjamin C. March, of Washington, told the delegates today.

"The program of the people's reconstruction league will save the American people six billion dollars a year for many years to come, an average of \$57 per capita, or \$286 for a family of five," said Mr. March. "This program includes:

(1) Prompt restoration of the railroads to unified government operation, which will save the American people at least \$150,000,000 a year.

(2) Legislation to control the meat-packing industry, which will save the American people at least \$100,000,000 a year.

(3) Taxation of privilege instead of poverty, which will save the American people at least \$100,000,000 a year. A high and rapidly progressive tax upon incomes, estates and excess profits should be retained until the full money cost of the war has been paid.

(4) Making our banking and credit system serve the American people. This will save the American people at least \$50,000,000 a year. The house should promptly adopt the resolution introduced by Congressman Baer of North Dakota calling for an investigation of the charges that a little group of international bankers, working through the federal reserve system, control money and credit and paralyze legitimate commerce.

(5) Control of natural resources, which will save the American people at least \$75,000,000 a year.

(6) Universal compulsory military training must be defeated, which will save the American people scores of millions of dollars in taxes."

Wilson Prepares For
Retirement March 4;
Visits Future Home

WASHINGTON, Feb. 11.—President Wilson spent several hours today at the house where he will make his home after his retirement from office on March 4.

It was the president's second visit to the house since he purchased it and with Mrs. Wilson he spent considerable time in going over his belongings which have recently been brought here from Princeton, N. J., and indicating the places in which he desired them to be placed. The president paid particular attention to the books of his library and to their arrangement in the racks.

All of the president's furniture, which was in storage in Princeton, has been received and there only remained the moving of the few personal effects of the president and Mrs. Wilson from the White House.

Confesses Crime
For Which Miner
Died 6 Years Ago

[Republican A. P. Leased Wire]
MARION, Ill., Feb. 11.—The story of how an innocent man went to his death at the hands of a mob for another man's crime, came to light after Settimo de Santis, an Italian miner, was hanged today for the murder of Amel Calcaterra and Tony Hemphill, two boys.

Before he was led to gallows, De Santis confessed to the murder of Edward Chapman, in Johnson City, Ill., six years ago, for which crime another Italian, Joe Bongo, was lynched on the public square at Johnson City by a mob at the time.

Bingo, De Santis and another Italian, Fred Bianco, had been working together in a coal mine at Johnson City and were discharged by Ben Schull, the mine foreman.

Several nights later, a bullet crashed through a window of the Schull home. It missed Schull but killed Chapman. De Santis and Bianco disappeared the night Bongo was caught by a mob and lynched.

NAVAL BILL IS CUT
TO PIECES WHEN
OPPOSITION SURE
ATTACKS BUDGET

[Republican A. P. Leased Wire]
WASHINGTON, Feb. 11.—The naval appropriation bill ran through hostile waters in the house today, but at the end was still afloat.

Shot at from all sides, it almost went down at times as members attempted to riddle some of the provisions of the \$395,000,000 measure. One section on the point of voting out was saved by Chairman Butler of the naval affairs committee, who went to the front and rescued it. Opposition to the bill cropped out as a result of the general disapproval of the new method of framing appropriation legislation.

Heretofore the naval bill has been drafted by the naval committee under the so-called budget system that committee holds its hands while a substitute committee on appropriations does the work.

Representative Britten of Illinois, ranking Republican member of the naval committee, threw most of the bombs, using always the argument that funds raised by the framers of the measure were not authorized by law. In this way many sections went out on points of order, with indications that many more will go out, for only a little headway was made with the reading today.

Advocates of economy and friends of disarmament jumped to their feet in all parts of the chamber to throw out an amendment by Representative Hicks, New York, of the naval committee, providing \$7,500,000 for navy aircraft. In the end they had their way, although Mr. Hicks' speech was hard and earnest for sufficient funds to build up the air branch of the sea service. There was no vote on the amendment, it being ruled out on a point of order as no legislation.

In going after some sections Mr. Britten hit upon an item of \$500 for expenses of the civilian naval consulting board. Representative Hicks, who has been one of the leading members since 1916, Chairman Kelly of the subcommittee in charge of the bill smilingly remarked that was subject to a point of order, but insisted it should stay because the country still was technically at war. Chairman Butler pleaded with Mr. Britten to let it stay, and after a long battle, Mr. Britten's objection after announcing that in the attack on unauthorized provisions he has consistently demanded strict compliance with existing law.

The many speeches for and against the biggest navy in the world, Representative Poin, Democrat, of North Carolina, declared that while he had voted for the big navy every year during his 20 years of service he had hoped the time might come when he could cease giving such support.

"A battleship is of no earthly value except to kill or be killed," he said. "Right now, 90 per cent of all government appropriations are for the army and navy, and God help us if this thing is to continue. The country is not a country to continue today as it is."

The chairman of the military committee recently made a startling statement which was calculated to shock but which nevertheless is true, when he said America today was without a friend among the nations of the world. So I shall continue to vote for an unconquerable navy. . . . not a navy as great as the greatest, but a navy that can defeat any under the sun."

Texas House Not In

Predict Elimination
Of Business Agents
In Labor Disputes

[Republican A. P. Leased Wire]
NEW YORK, Feb. 11.—Concessions by labor, employers and the public are necessary to bring about satisfactory industrial relations, W. R. Bassett, a New York industrialist, said in an address before the Industrial Relations Association of America, here today.

"One hears a good deal about the iron heel of capitalistic despotism squeezing blood profit out of the poor," Bassett added, "but I have yet to hear of any such thing being really prosperous when operated on the lemon-squeezer principle."

Speaking of the trend of labor legislation, he said that the American laborer is a free man, and that the American employer is a free man, and that the American public is a free man, and that the American government is a free man, and that the American nation is a free man, and that the American world is a free man, and that the American universe is a free man, and that the American everything
